

Claire Leroy

Junior Technical Writer

Lille, France · claire.leroy@example.com · +33 6 12 34 56 78

Junior technical writer with a background in English literature and a technical communication bootcamp, skilled in producing clear, user-focused documentation for software products.

EXPERIENCE

2022 - Present

Junior Technical Writer

NovaTech Solutions, Lille, France

- Produced over 60 API reference guides, decreasing incoming support queries by 28% within six months.
- Migrated legacy documentation to a MadCap Flare-based portal, improving searchability and reducing average page load time by 35%.
- Collaborated with four product teams to release bilingual (FR/EN) release notes, increasing international user satisfaction scores by 12%.

2021 - 2022

Technical Writing Intern

DocuCorp, Paris, France

- Authored 15 user manuals for SaaS products, adhering to ISO 9001 standards.
- Implemented a version-control workflow using Git, cutting documentation turnaround time from two weeks to three days.
