

Elif Yılmaz

Junior Data Scientist

Porto, Portugal elif.yilmaz@example.com +351 912 345 678

PROFILE

Recent computer-science graduate with hands-on experience building data pipelines and predictive models for healthcare analytics. Passionate about turning raw data into actionable insights that improve patient outcomes.

EXPERIENCE

Intern Data Analyst, TecnoSolutions

2021 - 2022

Porto, Portugal

- Automated daily sales report generation, reducing manual effort by 15 hours per month
- Built a Python script that cleaned and merged three disparate CSV sources, improving data readiness for analysis
- Presented findings to senior management, leading to a 5% adjustment in pricing strategy for one product line

Junior Data Scientist, AIHealth Labs

2022 - Present

Porto, Portugal

- Developed a predictive model for patient readmission risk using logistic regression, achieving AUC of 0.84 on validation set
- Implemented feature pipeline in Airflow that processes 200k patient records nightly, cutting ETL latency from 45 minutes to 12 minutes
- Created interactive dashboards in Tableau used by clinical teams to monitor cohort outcomes, adopted by 3 hospital departments

EDUCATION

B.Sc. Computer Science in Computer Science

2022

Universidade do Porto (UP Porto)

SKILLS

Python · pandas · scikit-learn · SQL · Tableau · Apache Airflow · Git · Statistics · Data visualization · Machine learning basics
