

Thomas Moreau

Senior Solutions Architect

Rabat, Morocco | thomas.moreau@example.com | +33 6 12 34 56 78

SUMMARY

Senior Solutions Architect with 8 years of experience designing scalable, secure cloud-native infrastructures for European and North-African enterprises. Proven track record of reducing costs, improving reliability, and enabling rapid product delivery through strategic architecture and cross-functional leadership.

TECHNICAL SKILLS

- AWS Solutions Architect Associate
- Azure Solutions Architect Expert
- Google Cloud Professional Cloud Architect
- Terraform
- Kubernetes (CKA)
- Docker & OCI
- Microservices Design
- API Gateway & REST/GraphQL
- CI/CD (Jenkins, GitLab CI, GitHub Actions)
- Service Mesh (Istio, Linkerd)
- Networking (TCP/IP, DNS, Load Balancing, VPN)
- Cloud Security (IAM, KMS, Encryption, WAF)
- Observability (Prometheus, Grafana, ELK, OpenTelemetry)
- Infrastructure as Code (Ansible, Pulumi)
- Programming (Python 3, Java 17, Go)
- Architecture Frameworks (TOGAF 9.2, Zachman)
- Enterprise Integration (MuleSoft, Apache Camel)

EXPERIENCE

Senior Solutions Architect - NexaCloud Solutions

2020 - Present

Rabat, Morocco

- Led the migration of a legacy monolithic ERP system to a multi-region AWS-based microservices architecture, cutting average request latency by 42% and reducing annual infrastructure spend by \$280,000.
- Designed a globally distributed, GDPR-compliant data platform on Azure Kubernetes Service that processes 3.5TB of telemetry per day, delivering 99.99% uptime over 18 months.
- Authored and evangelised internal architecture standards (TOGAF-based) adopted by five product squads, decreasing average incident resolution time from 4.5 h to 3.1 h and increasing deployment frequency from bi-weekly to twice-weekly.
- Negotiated and managed vendor contracts for cloud services, securing a 15% discount on reserved instances and saving roughly \$120k per year.
- Mentored a team of four junior architects and six cloud engineers, conducting bi-monthly workshops that lifted the team's AWS certification pass rate from 55% to 90% within one year.

Cloud Consultant - EuroTech Consulting

2016 - 2020

Casablanca, Morocco

- Delivered end-to-end cloud migration projects for 12 clients across finance, healthcare, and logistics, collectively moving over 1.2 PB of workloads to AWS and Azure.
- Implemented infrastructure-as-code pipelines using Terraform and GitLab CI, reducing environment provisioning time from 2 days to under 20 minutes.
- Produced detailed cost-optimization reports that identified unused resources, enabling clients to cut cloud bills by an average of 23% quarter-over-quarter.

EDUCATION

Master of Science in Computer Science, Computer Science

École Polytechnique, Paris (L'X), 2014

Full-Stack Web Development Certificate, Software Engineering

Le Wagon (Le Wagon Bootcamp), 2016
