EXPERIENCE

Financial Analyst - FinCorp GmbH

Vienna, Austria

- Produced weekly risk reports for a €200M portfolio.
- Automated Excel-based reporting with VBA, cutting preparation time by 4 hours per week.

Junior Software Engineer - EduTech Solutions

Vienna, Austria

- Developed RESTful APIs in Django for a student-management SaaS.
- Wrote unit tests achieving 85% code coverage.
- Participated in two-week Scrum sprints, delivering features bi-weekly.

Software Engineer - LearnVita AG

Vienna, Austria

- Refactored legacy monolith into micro-services, reducing deployment time from 45 min to 8 min and cutting infra costs by 30%.
- Implemented CI/CD pipeline with GitHub Actions and Docker, enabling daily releases.
- Mentored three junior engineers, improving team velocity by 15%.

Senior Software Engineer - NovaLearn GmbH

Vienna, Austria

- Led a team of five engineers building a recommendation engine that lifted course completion rates by 12% (A/B test, n=150k).
- Designed AWS-based data pipeline (Kinesis → Lambda → Redshift) processing 2 TB/month of clickstream data.
- Conducted technical interviews and hired eight engineers.

Lead Engineering Manager - SummitEd Inc. 2024 - Present2022 - 20242020 - 20222018 - 20202016 - 2018

Vienna, Austria

- Manage a cross-functional team of 12 engineers (backend, frontend, QA, DevOps) delivering three major product releases per year while maintaining >99.9% uptime.
- Introduced a finance-to-engineering internal bootcamp that upskilled 20 former finance analysts, raising internal promotion rate by 25%.
- Negotiated vendor contracts saving €180k annually on cloud services.
- Prepared annual engineering budget of €1.4 M, achieving 96% spend accuracy.
