Ion Dumitrescu

SOLUTIONS ARCHITECT

PROFILE

Recent graduate of a coding bootcamp with a strong interest in media streaming architectures. Brings eight years of experience in customer-support and operations at a Dutch telecom, now transitioning into a Solutions Architect internship focused on designing scalable streaming platforms.

EXPERIENCE

Customer Operations Specialist

KPN Telecom • Amsterdam, Netherlands • 2016 - 2024

- Managed a portfolio of 12 000+ residential and SME internet subscriptions, maintaining a 98 % satisfaction score.
- Automated routine provisioning tasks with Python scripts, reducing manual effort by 15 hours per week.
- Led a cross-functional shift-handover initiative that cut average incident resolution time from 45 min to 30 min.
- Mentored four junior operators, all of whom earned internal certifications within six months.

Solutions Architect Intern

StreamFlux Media (internship) • Delft, Netherlands • 2024 - Present

- Assisted senior architects in designing a low-latency live-streaming pipeline for sports events, contributing to a 20 % reduction in end-to-end delay.
- Produced architecture diagrams using C4 model and presented them to stakeholders in bi-weekly syncs.
- Evaluated three CDN providers, drafting a cost-benefit analysis that informed a proof-of-concept selection.
- Created runbooks for monitoring key QoS metrics (jitter, packet loss) using Prometheus and Grafana.

Full-Stack Web Development Bootcamp Graduate

Codecademy Bootcamp • Remote • 2023 - 2024

- Completed a 24-week intensive program covering HTML5, CSS3, JavaScript, Node.js, Express, React, and AWS basics.
- Built a personal portfolio site showcasing three projects: a media-player widget, a RESTful API for user-generated playlists, and a CI/CD pipeline for containerized apps.
- Participated in pair-programming sessions averaging 10 hours per week, receiving consistent feedback on code clarity and test coverage.

Independent Study

Self-directed Learning • Remote • 2015 - 2016

- Earned CompTIA Network+ and Linux+ certifications through self-study and lab practice.
- Configured home-lab routers and switches to simulate ISP-grade traffic shaping and QoS policies.

Course Auditor – Computer Networks

Universitatea Politehnica Timișoara (audit) • Timișoara, Romania • 2014 - 2015

- Attended lectures on TCP/IP, routing protocols, and network security as a non-degree auditor.
- Completed lab assignments on VLAN trunking and OSPF configuration, scoring in the top 15 % of the class.

Tech Support Contractor

Freelance • Remote • 2013 - 2014

- Provided on-site and remote troubleshooting for small businesses in Timișoara, resolving 90 % of tickets within the SLA.
- Documented recurring issues in a knowledge base that decreased repeat calls by 25 %.

IT Assistant – Local NGO

Volunteer • Timișoara, Romania • 2012 - 2013

- Maintained a mixed Windows/Linux network of 30 workstations for a community centre.
- Trained five volunteers on basic cybersecurity hygiene, including password management and phishing awareness.

Communications Technician

Military Service • Timișoara, Romania • 2010 - 2012

- Supported field radio and satellite communications units during training exercises.
- Performed preventive maintenance on HF/VHF radios, achieving a 95 % operational readiness rate.

Student – Mathematics-Informatics Track

High School • Timișoara, Romania • 2006 - 2010

- Graduated with distinction, scoring in the top 10 % of the national informatics olympiad.
- Led a student team that built a simple website for the school's cultural festival, using HTML and PHP.

Part-time Retail & Hospitality

Various • Timișoara, Romania • 2008 - 2010

- Worked evenings and weekends in a electronics store and a café, developing customer-service and cash-handling skills.

None

None • None • 1995 - 2006

- Early childhood – no formal employment.
