

Isabel Fernandes

Senior Product Manager

Results-driven product manager with a decade of experience delivering B2B SaaS solutions in consultancy settings. Adept at aligning engineering, design, and business stakeholders to launch market-winning products and drive measurable growth.

EXPERIENCE

Junior Product Analyst

TechSolutions Lisbon – Lisbon, Portugal – 2016 - 2018

- Assisted in market research for five new product concepts, contributing to a 12% increase in the innovation pipeline
- Created user personas and journey maps that improved stakeholder alignment scores by 18%
- Supported A/B testing of onboarding flows, lifting conversion by 7%

Senior Product Manager

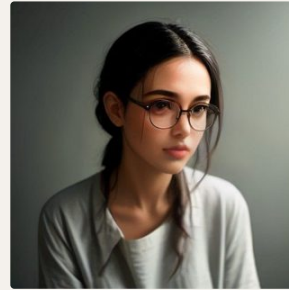

Stratagem Consulting – Dublin, Ireland – 2018 - Present

- Led end-to-end launch of three B2B SaaS modules, generating €2.4M ARR within the first 12 months
- Increased feature adoption rates by 35% through data-driven iteration and targeted user outreach
- Reduced average time-to-market from 6 months to 4.8 months by implementing dual-track discovery and delivery
- Managed a cross-functional squad of 8 engineers, 2 designers, and 1 analyst, improving sprint predictability to 90%
- Introduced an OKR framework that lifted quarterly goal attainment from 68% to 85%
