

Alejandro Martínez

Data Engineer

Valencia, Spain alejandro.martinez@example.com +34 600 123 456

PROFILE

Career changer from teaching to data engineering with strong analytical skills and experience building scalable ETL pipelines.

EXPERIENCE

Data Engineer, Tideline Technologies

2023 - Present

Valencia, Spain

- Designed and implemented ETL pipelines processing 2 TB/day of user event data, reducing latency from 45 minutes to 5 minutes.
- Optimized Spark jobs cutting compute costs by 30% (\$12,000 annual saving).
- Mentored two junior engineers, improving team delivery velocity by 15%.

Junior Data Analyst, EduStats

2020 - 2022

Valencia, Spain

- Built automated reporting dashboards using Looker, decreasing report generation time from 4 hours to 15 minutes for five departments.
- Conducted data validation scripts improving data quality score from 88% to 96% across three million records.
- Collaborated with product team to define twelve KPIs, adopted company-wide.

High School Mathematics Teacher, Instituto Público de Valencia

2016 - 2020

Valencia, Spain

- Improved average student exam scores by 18% over two years through personalized learning plans.
- Organized an after-school coding club for thirty students, introducing Python basics.
- Secured a €5,000 grant for classroom technology upgrades.

Freelance Tutor, Self-employed

2015 - 2016

Remote (Spain)

- Provided one-on-one tutoring to over two hundred high school students, maintaining a 4.8/5 average rating.
- Developed an interactive math curriculum used by three local academies.

EDUCATION

Data Engineering Bootcamp in

2022

Barcelona Tech School (BTS)

Bachelor of Science in Mathematics in

2015

Universidad de Valencia (UV)

SKILLS

Python · SQL · Apache Spark · Apache Airflow · dbt · PostgreSQL · Docker · Git · Pandas · NumPy

LANGUAGES

Spanish (native) · English (fluent) · Catalan (basic)
