

Matej Kovač

Director of Engineering

Madrid, Spain matej.kovac@example.com +34 600 123 456

PROFILE

Seasoned engineering leader with a track record of scaling high-performing teams, driving cloud-native transformations, and delivering measurable reliability and efficiency gains.

EXPERIENCE

Director of Engineering, TechSolutions Inc.

2023 - Present

Madrid, Spain

- Led migration from a monolithic architecture to a microservices platform on AWS, reducing average deployment time by 40% and cutting monthly infrastructure costs by 25%.
- Scaled the engineering organization from 5 to 12 engineers, increasing feature delivery velocity by 30% while keeping the defect rate below 2%.
- Implemented a company-wide observability stack (Prometheus, Grafana, Loki) that decreased mean time to recover (MTTR) from incidents by 35%.
- Introduced test-driven development and coverage gates, raising average test coverage from 55% to 88% across all services.
- Redesigned the CI pipeline with parallel testing and caching, cutting average build time from 20 minutes to under 8 minutes.

Senior Software Engineer, DataFlow Systems

2020 - 2023

Valencia, Spain

- Designed and launched a real-time data processing pipeline handling 2 M events/day using Kafka and Flink.
- Mentored three junior engineers, two of whom were promoted within 12 months.
- Reduced average query latency by 22% through indexing and caching optimizations.

Software Engineer, DataFlow Systems

2018 - 2020

Valencia, Spain

- Developed RESTful micro-services in Java Spring Boot serving a B2B SaaS platform.
- Automated deployment with Docker and Kubernetes, cutting release cycle from weekly to daily.
- Contributed to open-source logging library adopted by three internal teams.

Software Engineering Intern, DataFlow Systems

2017 - 2018

Valencia, Spain

- Built internal tool for tracking bug triage, reducing average resolution time by 15%.
- Participated in code reviews and learned TDD practices.

EDUCATION

Bachelor of Science in Computer Science

2018

Universidad Politécnica de Madrid (UPM) (UPM)

SKILLS

Software Architecture · Team Leadership · Strategic Planning · AWS · Azure · Kubernetes · Docker · Terraform · CI/CD · Java · Python · Go · Agile/Scrum · Performance Optimization · Observability · Budget Management · Stakeholder Communication

LANGUAGES
